"Mr. Madison, what you've just said is one of the most insanely idiotic things I have ever heard. At no point in your rambling, incoherent response were you even close to anything that could be considered a rational thought. Everyone in this room is now dumber for having listened to it. I award you no points, and may God have mercy on your soul."

I want it on the side and I'd like strawberry instead of vanilla if you have it. If not, then no ice cream, just whipped cream, but only if it's real. If it's out of a can, then nothing."

But by the end of the day it was, like, the more the merrier! And so if the government could just get to the kitchen, rearrange some things, we could certainly party with the Haitians. And, in conclusion, may I please remind you it does not say "R.S.V.P." on the Statue of Liberty."
